Help Our Students Thrive: Vote Yes on Prop 55.

Vote November 8.

YES on PROP 55.

Prop 55 keeps education funded by maintaining current tax rates on millionaires and billionaires. Prop 55 will allow districts to keep restoring programs cut after the Great Recession, stabilize fee rates and increase class availability at community colleges. Accountability is built in. Prop 55 keeps funds away from lawmakers and gives control to local districts. The website TrackProp30.ca.gov shows how funds have been allocated.

“Before Prop 30, when I received my pink slip, my students were crying, the parents were upset—it was traumatizing for all of us. Because of Prop 30, our jobs are stable. If Prop 30 expires we may start losing some of the programs that we cherish at our school. Prop 55 will help us to retain qualified teachers while supporting the diverse needs of our students.”

— Elizabeth Iwaszewicz,
Lafayette Elementary, SFUSD
