TONY THURMOND: A Champion for Quality Public Education

PROTECTING OUR SCHOOLS

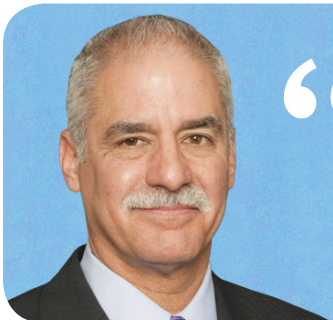

Assemblyman Tony Thurmond fights for students, parents, teachers, and classified staff. He understands the need to protect funding and stand up for quality teachers and classified staff for our public schools. Thurmond advocates for affordable housing for educators and will be a voice for our members and communities.

HOLDING CHARTERS ACCOUNTABLE

As a former local school board member, Assemblyman Tony Thurmond stands with our members in believing charter schools should be held to the same standards of accountability, access, and transparency as public schools. He will continue to fight against efforts to shift taxpayer dollars from public schools to for-profit charters.

THURMOND: THE CHOICE OF PUBLIC SCHOOL TEACHERS AND CLASSIFIED STAFF

When CFT elected leaders sat down to look at the issues and talk to the candidates, Tony Thurmond's passion and dedication to our students, schools, and communities made it clear that he is uniquely qualified to lead our public school system.

“ **ASSEMBLYMAN THURMOND** has demonstrated time and again that he is a champion of public education. He has consistently shown that he stands with students, parents, and educators, including working tirelessly to pass legislation to reduce truancy, expand community schools, and facilitate restorative justice programs. ”

– Joshua Pechthalt, CFT President

In the June primary and November general 2018 elections, CFT supports

ASSEMBLYMAN TONY THURMOND
