**The California Federation of Teachers today issued the following statement:**

The CFT, along with our coalition partners in Restoring California, have received concrete assurances from the Governor that every effort will be made to ensure our new ballot measure will collect sufficient signatures in a timely fashion. As a result, we feel confident that the new measure will qualify for the November ballot. Therefore we will immediately pull the Millionaires Tax paid signature-gathering effort off the streets.

We look forward to a united effort on this progressive ballot measure to raise the necessary revenues for education and services that Californians want and deserve.
